

Divya Sharma|VP, Data & ML | SatSure Analytics

Bio: Divya is a seasoned technology & innovation leader with 15+ years of diverse industry experience in technology. Currently, Divya leads the data science and machine learning department at SatSure to create products that enable decision intelligence for the enterprises in Agriculture, Infrastructure and Energy sectors by leveraging the power of AI/ML and Data Science on geospatial data.

Divya and her team have created innovative data models like optical image reconstruction with SAR data and super resolution for the EO data challenges of cloud cover and high costs of high res image.
