

Dr. Jogin Desai

Founder & Chief Executive Officer

Dr. Desai is the founder and CEO of Eystem, a company aiming to democratise access to cell therapy through a scalable cell therapy platform. He brings more than 15 years of experience in growing and nurturing businesses to his newest venture. Prior to Eystem, he was part of the global leadership team at Quintiles and headed up their cardiac safety business from 2001 to 2007. More recently, he was the CEO of Cenduit (www.cenduit.com), the world's largest standalone randomization company with offices in Bangalore, Basel, Philadelphia and North Carolina and a joint venture of and ThermoFisher Scientific.
