

1) Sonal Saldanha

Vice President - 3one4 Capital

Sonal is a Vice President on the Investments team at 3one4 Capital. Sonal has built highly effective systems and processes to achieve strong coverage without compromising founder or referrer experience, all while maintaining a lean investments team. In addition to managing routine investment workflows, Sonal oversees focus areas like fintech, enterprise software, and deep-tech for the firm. He has been an integral part of the firm's investments for a number of category-defining companies including Exponent Energy, Wint Wealth, Fego, Everstage and Growfin.

Sonal was an entrepreneur in residence at 3one4 Capital prior to joining the investments team, and was building Numer, a platform for real-time analytics, planning and reporting of financial data. He has also worked as a research assistant on a Bilingual OCR project funded by the Ministry of Electronics & Information Technology (MeitY), TDIL division (Technology Development for Indian languages), GOI at the Indian Institute of Science (IISc).

Sonal holds a Bachelor of Engineering Degree in Electronics & Communication Engineering from BMS College of Engineering, Bengaluru.
