Srikanth Velamakanni

Co-founder, Group Chief Executive & Vice-Chairman, Fractal Analytics.

A global leader in AI and analytics solutions for Fortune 500® companies. For over 20 years, he has been passionate about powering better decisions with data and AI at Fortune 500® sized organizations and building a culture of excellence, learning, and trust at Fractal.

He also lead the Fractal group of companies, which includes Fractal.ai, our core business of AI and analytics services, and Fractal Alpha, a group of companies that we have incubated, acquired or invested in, such as Qure.ai, Eugenie.ai, FinalMile, Crux Intelligence, Neal Analytics, Theremin.ai and Asper.ai.

Additionally, he serves as an Independent Director at Metro Brands, BARC India & NIIT Ltd., and as a Non-Executive Chairman at ideaForge, leveraging my expertise and network to support the growth and innovation of these organizations.

He is also a founder & trustee of Plaksha University.

He has served as a Executive Council member of NASSCOM for the last five years.
